

CITY OF HOLLISTER PLANNING DIVISION FEE SCHEDULE

Effective August 15, 2025

HOW FEES ARE SET AND CALCULATED

The City Council adopts fees schedules to enable cost recovery of staff time spent processing development permit applications. Each type of permit or process that a project entails results in cumulative fees. If staff work is required beyond the scope of what an established fee covers, additional fees may be charged using established fully-burdened hourly rates for each staff member.

You may request a fee estimate from the Planning Division. Send a fully detailed project description to planning@hollister.ca.gov.

GENERAL PLAN UPDATE AND TECHNOLOGY FEES

All fees marked with an * are subject to a 3.5% General Plan Update Fee and 4% Technology Fee, which are calculated after summing all applicable application fees.

NO PARTIAL PAYMENT AND RETURNED CHECK CHARGE

Full fee payment is required at the time of application submittal. Some fees, such as the Public Noticing Fee, are not calculated until the application appointment. Applicants who pay with pre-written checks should therefore bring a credit card or additional blank check to ensure full fee payment. If necessary, staff may accept a partially paid application subject to the following conditions:

- Staff review of the application will not commence until all fees are paid in full; and
- If full payment is not received within 14 calendar days of application submittal, the application will be considered void, and staff will intiate a refund of the fees paid, less a Record Retention Fee. At this point, a new application and fully payment of fees would be required to proceed with a project.

Note that checks returned for insufficient funds (NSF) may result in a \$50.00 NSF fee charged by the Finance Department, along with additional processing fees.

		MENT

The following fees are applicable to all consultant-based projects for which the City is the lead agency. These fees are in addition to the contract fees proposed by the consultant performing the work and base City fee for the application as applicable. The applicant shall be responsible for both the contract fee and the City's project management fees.

Historical Evaluations	15% of contract
All Other Contracts	
Up to \$75,000	15% of contract
Between \$75,000-100,000	10% of contract
Greater than \$100,000	5% of contract

NEW DEVELOPMENT / CONSTRUCTION

Fees marked with an * are subject to a 3.5% General Plan Update Fee and 4% Technology Fee, which are calculated after summing all applicable application fees.
